Dear Interested Party:

A letter was previously mailed to you on September 23, 2014 concerning the completion of the La Sal Mines Complex Environmental Assessment (EA) and the draft Decision Notice and Finding of No Significant Impact (DN/FONSI). This letter serves as notification that we are suspending the 45-day objection review period that was published in the Sun Advocate, newspaper of record. We unintentionally posted an incorrect version of the EA on the website:

<http://www.fs.usda.gov/projects/mantilasal/landmanagement/projects>.

The Manti-La Sal National Forest, Moab/Monticello Ranger District, will start a new 45-day objection period in November, 2014. At that time, we will mail another letter notifying you when this new objection period commences. We apologize for the inconvenience this may have caused.

Sincerely,

MICHAEL DIEM  
District Ranger
